

# Payment and Fees

Our program's resources need to be shared with our parishioners first and foremost. For that reason, there is a reduced rate for registration for our families that have been active, registered parishioners for at least a year or have recently moved to our Reno area and can provide active parish registration status from their previous parish.

To be considered active, registered parishioners, we expect one or more of the following in place:

**Sharing of Time:** We notice that your family **REGULARLY** shows up for Sunday Liturgy here at St. Albert the Great Parish.

**Sharing of Talent:** You, or members of your household, are actively **involved in ministry** at St. Albert the Great Parish.

**Sharing of Treasure:** We have a way to **measure any amount of tithed funds** in the collection basket at Saint Albert the Great Parish either with parish issued envelopes, checks, or cash in an envelope with your first and last name and address on it.

## Fees:

Active, Registered Parishioners for at least a year  
\$50 per child/per year  
up to \$100 per family/per year

Not Registered Parishioner **\$100 per child/per year**

Payment plans can be arranged. All fees for a current year must be paid **IN FULL** before registering for the next year or the reception of First Eucharist if your child is in their second year of sacramental formation.

*Should you not be an active, registered parishioner in your first year of formation, you are welcomed to register as a parishioner in that first year! We hope you want to be part of the St. Albert the Great Parish!*

*If you do so, in your second year of formation, you could receive the active, registered parishioner rate in that second year. BUT the same measured stipulations will be in place with how you share your time, talent and or treasure. If these can not be measured, you will have to pay the Not Registered Parishioner fee again.*
